Vision

To create a strong research-based teaching and learning environment that will cater to the needs of modern Electrical Engineering.

Mission

- To impart knowledge and technology to budding professionals and incite their quest for further enhancement of their learning.
- To produce recognized industry-ready professionals in Electrical Engineering, through educational program incorporating practice and project based teaching-learning processes.
- To enhance knowledge in Electrical Engineering, through research for sustainable development of the society and the nation as a whole.
- To promote social, environmental and technological responsiveness related to electrical energy through dissemination of knowledge.

Departmental Milestones:

❖ Publication

Journal Section:

Prof S. K. Biswas published the following paper:

"Phase controlled multi-bank resistive heating with optimized current harmonics" A in IEEE Transactions on Industrial Electronics, Early Access, on 2nd Nov. 2022, pp. 1-8, DOI: 10.1109/TIE.2022.3217584

❖ Seminar/Webinar

- Students from department of Electrical Engineering took part in a quiz event on 11th November, 2022 at St. Thomas' College of Engineering & Technology as part of National Education Day celebration.

The brochure features a green background with white and purple text. At the top left is the college logo and at the top right is the Institution's Innovation Council logo. The main title is 'Celebration of National Education Day'. Below it, the date and time are listed: 'DATE: 11th November, 2022' and 'TIME: 2:30 p.m. onwards'. The organizers are 'Institution's Innovation Council (IIC) and Extra Curricular Cell'. At the bottom, the college name and address are provided: 'St. Thomas' College of Engineering & Technology, 4, Diamond Harbour Road, Kolkata-700023'.
